

**Dear Academy Parents and Alumni:**

It is indeed true that since 1957 (the first year that Academy began keeping records of sports championships) Columbus Academy has celebrated 59 different individual state champions in 7 different sports. That is a remarkable record!

**All 59 of our former champions have been invited to attend and be honored at this year's Charlie David Dinner.** It seems most appropriate that during the 100<sup>th</sup> anniversary of Columbus Academy that we honor our past champions.

What factors have led to CA's great athletic success? Clearly, most of the credit goes to those hard-working student-athletes who have excelled in competition. Another factor has been the support our athletes have received from parents and alumni who have made sure all CA athletes have the necessary equipment and facilities to win on the field.

That's why the annual Charlie David Athletic Dinner is such an important event. It is the one fund-raising event held each year that provides our athletes with everything they need from uniforms to scoreboards.

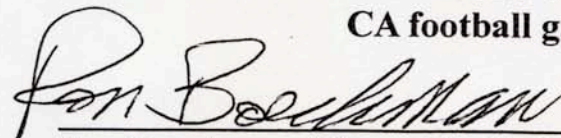

**Did you know that more than 75 percent of all Academy students participate in a sport at school?** In short, your contributions to the CA sports programs effects nearly every student at Academy. That's why your help is so critical to the future success of our sports programs at Columbus Academy.

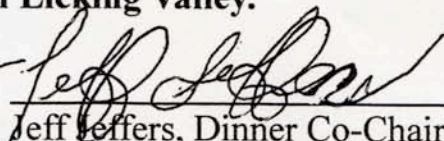

## How Can You Help?
